‘We welcome two new hygienists to our team’

As most of you will be aware Jane has been with the practice for just over twelve months, but unfortunately she has now been head hunted by Oral B and whisked away to other things.

As an improvement to our service we have now employed the expertise of TWO hygienists.

Eleanor will work on Mondays and every other Thursday, and Jane (new Jane) will work Tuesday and Wednesday. (Both the hygienists are well qualified and experienced. They work at other private practices too and therefore are well used to giving first class service and treatment. As with any clinician they do work in a different style and have differing personalities to each other and you will now have the advantage of being able to see the hygienist to suit you!

Our new computer system enables us to send a text message to remind you of your appointment so please ensure we have your up to date mobile number and other details.
